

**MOTORI PER FORNI PROFESSIONALI**  
MOTORS FOR COMMERCIAL OVENS

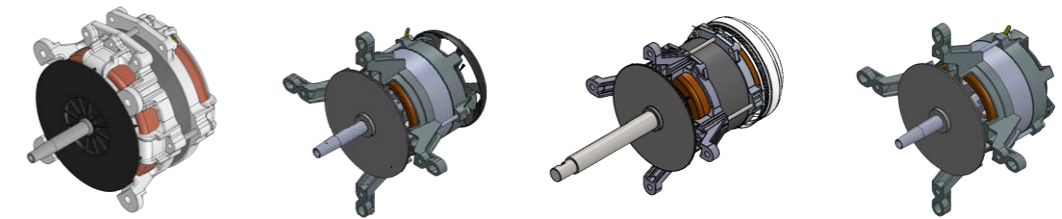

Settore Market sector	Applicazione Application	Funzione Use
Ristorazione professionale Catering & Food Industry	Forni industriali Commercial ovens	Ventilazione Ventilation
	Forni per pizza Pizza ovens	Estrazione fumi Air extraction
	Cappe professionali Commercial hoods	

**SERIE MF063**  
MF063 SERIES

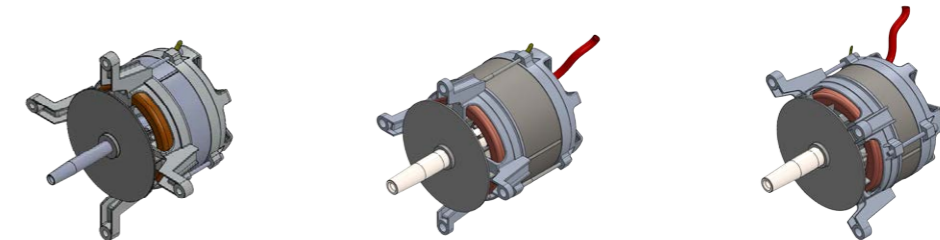

Caratteristiche tecniche Technical features	Potenza P2 Power P2	Frequenza Frequency
Mono fase con doppio senso di rotazione, albero a disegno Single phase, double sense of rotation, custom shaft	60 → 80 W	50/60 Hz

**SERIE MF080**  
MF080 SERIES

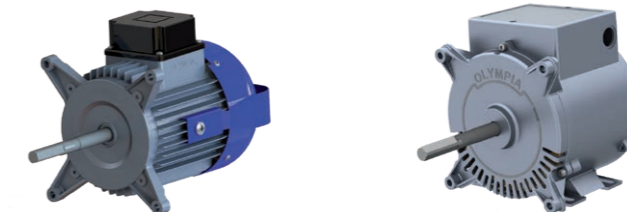

Caratteristiche tecniche Technical features	Potenza P2 Power P2	Frequenza Frequency
Mono o Trifase con doppio senso di rotazione, albero a disegno Single or three phase, double sense of rotation, custom shaft	120 → 370 W	50/60 Hz

**SERIE MF100**  
MF100 SERIES

Caratteristiche tecniche Technical features	Potenza P2 Power P2	Frequenza Frequency
Mono o Trifase con doppio senso di rotazione, albero a disegno Single or three phase, double sense of rotation, custom shaft	400 → 1000 W	50/60 Hz

**SERIE OAM**  
OAM SERIES

Caratteristiche tecniche Technical features	Potenza P2 Power P2	Frequenza Frequency
"Olympia American Motor", motori per USA/CANADA certificati UL/CSA "Olympia American Motor", motors for USA/CANADA certified UL/CSA	varie various	50/60 Hz
